

Grade Six Math Placement Rubric

Please note on the rubric below:

We will be using the most recent state standardized math assessment score on this rubric. After two years of successful completion and the recent requirement of passing the PARCC Algebra assessment for High School graduation, use of this score provides us with a standardized data point in our comprehensive rubric. We will use the most recent Math Assessment score first which for most is their Grade 5 NJSLA Math assessment. If this assessment scores is unavailable, we will multiple the value of the Algebra Readiness Standardized Assessment for equity in the rubric.

Item	Possible Points	Actual Points
Most Recent Standardized Math Assessment Score (Grade 5 NJSLA Math)	200	
Grade Six Trimester 1 Test/ Quiz Average	100	
Grade Six Trimester 1 Exam	100	
Grade Six Trimester 2 Test/ Quiz Average	100	
Grade Six Trimester 2 Exam	100	
Algebra Readiness Standardized Placement Exam	100	
Teacher Evaluation	45 (actual score multiplied by 3)	

Teacher Evaluation
